

## Creative workshop for groups of children (age 13 to 17)

Daugavpils Mark Rothko Art Center offers for groups of pupils and students aged 13 to 17 to acquaint themselves with various kinds of graphic arts and acquire practical knowledge. The programme is an hour long (60 minutes). The price is 2.50€ per person, with free admission for the group coordinator.

### Brief description:

1. Upon arrival at the Mark Rothko Center the group is greeted by a guide who tells them an entertaining story about the place they are visiting (the story depends on the children's age).

2. The group is invited to take part in a creative workshop. During this workshop they get the opportunity to learn about the monotyping process, obtaining a unique print. The workshop is led by a graphic artist. The necessary material is lent by the Rothko Center. Students can take their creation home.

3. At the end of the tour of the Rothko section, in the digital exhibition room, the group can take a picture against the backdrop of the old Dvinsk and send it to their email address.

To organise a tour, contact the Manager of Educational Projects Baiba Priedite at +371 65430273 or +371 26190274, or by email: [baiba.priedite@daugavpils.lv](mailto:baiba.priedite@daugavpils.lv)
